

## Aftermarket Programming

Meritor WABCO Aftermarket Programming allows users to configure a replacement pneumatic ABS ECU with a vehicle-specific configuration file. The procedures for obtaining the configuration file and configuring the ECU are below. This applies only to ECUs with this label:

**MUST BE PROGRAMMED!**  
<https://meritorwabco.snapon.com>

For installation questions and support, contact OnTrac at 1-866-OnTrac1 (1-866-668-7221).

### Instructions for Obtaining Configuration File:

1. Log in to <https://meritorwabco.snapon.com>
2. Click the Aftermarket Programming Configuration Files button
3. Enter the following information when prompted:
  - 17 digit VIN (required)
  - ECU part number of the unit being replaced (required)
  - Serial number of the unit being replaced (recommended)
4. Follow the step by step instructions to complete the configuration file purchase
  - Using a credit card will allow you to immediately download the configuration file

### Instructions for Configuring the ECU:

1. Install the new ECU into the vehicle
2. Connect a computer to the vehicle using a J1939 diagnostic adapter (i.e. Nexiq USB-Link™)
3. Open TOOLBOX™ version 11.5 or higher and select the Aftermarket Programming icon
4. Follow the step by step instructions to configure the ECU
  - A green **PASS** box will appear when the ECU has been successfully configured
  - A red **FAIL** box will appear if the ECU has not been successfully configured; contact OnTrac with the error code (i.e. A3) that appears in the dialog box
